EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Collard on 1/21/04.

The application has been amended as follows:

Claim 17, line 1, replace "4" with -1-

2. The following is an examiner's statement of reasons for allowance:

Claims 1 and 20 include the limitation "rows of recesses extending along the first surface" wherein the "recesses further define a set of intersecting ribs". Additionally, there is a lid hingedly mounted to the first surface so that the lid is sized to be folded over the rows of recesses.

Simmons (USPN 4481690), Blank et al. (USPN 4979300) and Kaye (USPN 4914776) all teach a scraper having an inner core comprising at least one recesses with a lid hingedly mounted to be folded over the recess. The references all fail to teach rows of recesses wherein the recesses further define a set of intersecting ribs.

Roche et al. (USPN 5996231) teaches a scraping tool comprising a row of recesses extending along the first surface and a lid to cover the recesses. However Roche fails to teach

multiple rows of recesses and additionally fails to teach that the lid has a covering material so as to facilitate hand gripping.

For the above reasons the application is free from the prior art.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
